

COMPUTER AIDED DESIGN DRAUGHTING SERVICES

Albion Technical Solutions are able to offer a bespoke computer aided design draughting service to architectural design and construction professionals.

We can supply an efficient, high quality draughting service to enable your projects to be completed on time.

Whether your staff needs help in meeting deadlines, short term staff shortages due to holidays or sickness or you have an exceptionally large volume of work, we can assist.

Alternatively, you may wish to produce CAD quality outputs but do not want the capital outlay for up to date CAD software.

Architectural Draughting Experience

- Planning & Building Regulations submissions
- As Existing Surveys
- As Built Drawings
- Layout Plans
- Detail Drawings
- Fire Regulation Drawings
- Licensing Drawings

**Albion

Solutions**

Draughting Services

- Up to date AutoCAD™ software used
- Drawing produced in either 2D or 3D
- Drawn to your own specification or ours
- Layering system to your specification or ours or to BS 1192
- All standard drawing sizes used or specific to your requirements (ISO A4 - A0)
- Drawings issued at all stages of the project (For Approval, For Tender, For Construction, As Built)
- Drawings issued in various formats (DWG, DXF, DWF, PDF)
- Drawings delivered via CD-ROM, FTP or electronic mail
- Plotting service up to A0 available

We are able to work from paper sketches, photographs with notation or rough computer generated drawings.

We can also offer a redrawing service for hard copy or vectorised drawings.

The drawings are completely redrawn to maintain dimensional quality. No scanning technique is employed.

Projects can be delivered by e-mail, recorded post or we will be happy to visit your premises to discuss your needs in full.

Project charges are both flexible and competitive. Depending on the duration and content of the project, we can charge on an hourly rate or a fixed price. For more details on our charges or for a quotation, please contact us.

Albion Technical Solutions works closely with your staff to ensure you get the completed project in the format you require.
